

Custom Flag Set

Your flag set package includes:

1. Flag fabric
2. Ground stake
3. Ground stake bag (for storage)
4. Antenna
5. Flag pole
6. Carrying bag

Assembly Guide

Follow these steps to make your flag setup quick and easy. (Pro tip: Before you start, make sure all of the pieces listed above are in your carrying bag. Using a different base? Make sure it's nearby.)

1. ASSEMBLE POLE

Attach the segments of your flag pole, and then add the antenna to the top of the pole.

2. ADD FLAG

Feed the antenna through the pocket that runs along the side of your flag.

3. ATTACH BASE

Place the prong on the top of your base into the hole at the bottom of the flag pole.

4. SECURE FLAG

Attach the bungee to the hook on the flag pole and adjust until it is taut. That's it!
